Honest, purposeful, and meaningful design.

### Craftsmanship

Precision in every detail.

### Innovation

Modern ideas, smart solutions.

### Quality

Materials and finishes without compromise.

### Client Focus

Spaces shaped around people.

## INTRODUCTION

Founded in 2017, we proudly operate AHK, a specialized brand for modern kitchens, wardrobes, and custom furniture. AHK is built on the philosophy of smart space utilization, durable materials, and elegant design. With our in-house woodworking and fabrication facilities, we deliver customized solutions for residential and commercial clients, ensuring quality control from concept to completion.

AHK Group is a diversified business group driven by innovation, quality, and a strong belief in Pakistani entrepreneurship. Operating primarily in the construction sector, the Group functions through its flagship company, AHK Engineering & Construction Solutions (Private) Limited.

The company is duly registered with SECP, PEC, LCCL, and FBR, and is proudly enlisted with leading public and private sector organizations, including DHA, Pakistan Army, Pakistan Navy, CDA, LDA, PWD, LUMS, and UET, among others.

# FABRICATION FACILITY

We have a well-equipped fabrication facility to deliver high-quality customized furniture and interior solutions. Our advanced machinery and skilled team ensure precision, durability, and excellent finishing in every project. We maintain strict quality standards to meet client requirements with timely delivery.

## **Manufacturing Unit**

State-of-the-Art Manufacturing Facility for Modern Kitchens & Wardrobes  
At AHK, we take pride in our cutting-edge workshop and manufacturing facility, where craftsmanship meets technology to create world-class kitchens, wardrobes and furniture. Designed for precision and efficiency, our facility is equipped with the latest European machinery, advanced CNC technology, and automated production systems with Slider Cutter and Edge Banding Machines ensuring flawless execution at every stage of fabrication.

## Why Our Manufacturing Facility Stands Out?
